

## Spring Dinner 2003

Over the last few years, our Society has jointly organised a spring dinner with our close companion, Hong Kong Hospice Nurses' Association. This year, the dinner was held on 20<sup>th</sup> February and it gave the members of both Societies a night filled with fun and happiness. We enjoyed good Chinese foods and the exciting lucky draw with plenty of prizes donated by our guests and the Council of the two Societies. Few left empty-handed!

Games are designed with challenging difficulties (as seen in the photo). Dr S H Liu, with his ability to see through bottles, make the closest estimation of the number of candies in a packed bottle.

The occasion surely reflects the close relationship between the two Societies and showed our good team work. This culture will continue to be a great force in the future and we look forward to our spring dinner next year!
